## Camber Mental Health

is the leading regional provider of children’s mental health services with a network of nonprofit hospitals and residential treatment centers in Kansas City, Wichita and Hays. As the pioneer of trauma-informed mental healthcare models in the region, Camber has spent over 30 years developing and enhancing innovative therapies to help thousands of children live more balanced, healthy and resilient lives.

Additionally, Camber is proud to be an internationally renowned educational resource for healthcare and mental health providers, first responders, school districts, and a wide range of community partners who work with youth in need of intervention and support. Our website also serves as an information hub with continuously updated blogs, videos, and resource guides for families and community members who may be seeking more information about mental health.
